About the Esther Cannizzo Junior Golf Foundation

The Esther Cannizzo Junior Golf Foundation was started in memory of Esther Cannizzo, an avid golfer. It was her love for the game of golf and the special attention she gave to children that inspired her family to help junior golfers in her memory.

The Foundation's mission is to help junior golfers in need who dream of furthering their golf careers.

The Foundation will look to area Golf Professionals, Guidance Counselors and those in the golf community to recommend those junior golfers that have the skill, the passion and the values of Esther. Values such as hard work, inspiration, motivation and giving.

The Foundation will provide junior golfers with grants that will allow them to upgrade equipment, receive coaching and compete in junior golf tournaments.
